INTERNATIONAL SCHOOL – TRULY DIFFERENT

Dear students and parents,

It is my great pleasure to address you in the International School newsletter, which illustrates everything we achieved during the second term thanks to our shared motivation, hard work and tremendous effort. The second term of this school year brought many challenges, but also numerous unforgettable experiences. It strengthened existing friendships and created new ones, encouraging us to achieve our goals with even greater enthusiasm and greater desire.

This term, we welcomed many interesting guests and organised many educational workshops and interactive lectures, once again showing how theoretical and practical knowledge are connected at our school that lives up to its motto – Truly different.

Once again, we have shown that altruism is one of the inseparable values of our school and a virtue that our students possess. Therefore, we volunteered at the Drop-In Centre and the Red Cross to assist those who are in the most need of help. Well done, I am proud of your selflessness!

We also participated in international competitions and conferences and achieved excellent results. We should especially highlight the outstanding success at the StemCo competitions, where our students together with ITHS students won as many as 56 medals.

Thanks to our dedicated teachers and expert associates, we spent the term in the spirit of creative classes that prioritise and put focus on an interdisciplinary approach and on presenting the learning material in a simple and interesting way, thus contributing to a better understanding of it.

In front of you is the International School's 16th newsletter, which gives our accounts of all these events. The time has come for you to have a good rest and recharge your batteries for the new challenges that September has in store. Have a nice time during the summer break and use it in the best possible way.

As always, I stand at your disposal for any questions you might have, and I greatly appreciate all your suggestions for school improvement.

Tatjana Vilček,
School Principal

INTERNATIONAL SCHOOL – STVARNO DRUGAČIJA

Dragi učenici i roditelji,

Veliko mi je zadovoljstvo što vam se obraćam u okviru biltena International Schoola, koji prikazuje sve što smo tokom drugog polugodišta postigli zahvaljujući zajedničkoj motivaciji, vrednom radu i ogromnom trudu. Drugo polugodište nove školske godine donelo je mnoge izazove, ali i brojna nezaboravna iskustva, osnažilo postojeća i razvilo nova prijateljstva, podstičući nas da sa još jačim entuzijazmom i većom željom krenemo u ostvarenje ciljeva.

U ovom polugodištu ugostili smo veliki broj zanimljivih gostiju i organizovali mnogo edukativnih radionica i interaktivnih predavanja, čime smo još jednom pokazali kako se teorijska i praktična znanja povezuju u školi koja opravdava svoj moto – „Truly different”.

Još jednom smo pokazali da je humanost jedna od neodvojivih vrednosti škole i vrline koju naši učenici i te kako posедуju, pa smo tako volontirali u svratištima i Crvenom krstu kako bismo pomogli onima kojima je pomoć najpotrebnija. Bravo, ponosna sam na vašu nesebičnost!

Učestvovali smo i na internacionalnim takmičenjima i konferencijama i postigli sjajne rezultate. Posebno treba istaći izvanredan uspeh na StemCo takmičenjima, na kojima su naši učenici zajedno s učenicima ITHS-a osvojili čak 56 medalja u zimskoj rundi takmičenja.

Zahvaljujući posvećenim nastavnicima i stručnim saradnicima, polugodište je proteklo u duhu kreativnih časova koji u prvi plan stavljaju interdisciplinarni pristup i razumevanje gradiva na jednostavan i zanimljiv način.

Pred vama je šesnaesti bilten International Schoola, koji iz našeg ugla podseća na sve ove događaje. Došao je trenutak da se lepo odmorite i napunite baterije za nove izazove koji nas očekuju od septembra. Želim vam da se lepo provedete na letnjem raspustu i da ga iskoristite na najbolji mogući način.

Za sva pitanja sam vam, kao i do sada, uvek dostupna, a posebno cenim sve vaše sugestije za unapređenje rada škole.

Tatjana Vilček,
direktorka škole
