INTERNATIONAL SCHOOL AMONG BEST SCHOOLS IN THE WORLD!

INTERNATIONAL SCHOOL MEĐU NAJBOLJIM ŠKOLAMA NA SVETU!

INTERNATIONAL SCHOOL – STVARNO DRUGAČIJA

Dear students and parents,

While we are approaching the end of yet another successful school year, it gives me great pleasure to invite you to delve into International School's bulletin and recall all the challenges, unforgettable experiences and wonderful stories from the second term.

When mentioning our motto, Truly Different, we refer to all our students, teachers, associates and partners with whom we've built not a school but an institution, and created not just stories but experiences. Every corner of the previous school year is filled with our students' achievements, the professionalism of our teachers, and the support from the parents. All of this gave us the strength and motivation to secure the best education and brightest future for our students.

We've carefully listened to the world around us, reminding us to protect it; this is why the International School's Eco-Committee, the only one run exclusively by students, received praise from the Foundation for Environmental Education for raising eco-awareness, environmental activism, and our mission to make the environment better for the generations to come.

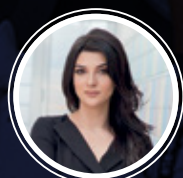

Despite the lockdown and the switch to online instruction, thanks to our dedicated teachers, technical capacities, modern resources, and special support from parents and associates, we managed to maintain the quality standards, enrich our curriculum with a creative approach, introduce students to high-education options, and welcome former students who shared their experiences from prestigious universities. During Science Fair, we were joined by renowned scientists, who showed the students how endlessly fun it is to be a scientist!

We're finishing this school year with the LINK Internship programme, which will enable the students to find out what it's like to work in a serious and promising corporate environment. The students will also receive internship certificates that will enrich their CVs and bring them closer to universities around the world.

In front of you is International School's 12th bulletin, which reminds us of all the joyous days and valuable experiences we will bring on our journey towards new achievements. Enjoy the summer break and recharge your batteries for the next school year.

As always, I am here for any concerns you might have and I greatly appreciate all your suggestions for school improvement.

Zorana Živanović,
Principal of International School

INTERNATIONAL SCHOOL – TRULLY DIFFERENT

Dragi učenici i roditelji,

Dok se još jednoj uspešnoj školskoj godini nazire kraj, sa velikim zadovoljstvom vas pozivam da se kroz bilten International Schoola zajedno prisetimo svih izazova, nezaboravnih iskustava i izvrsnih priča u drugom polugodištu.

Kada spomenemo naš moto „Truly different“, zapravo mislimo na sve naše učenike, nastavnike, saradnike i partnere s kojima smo gradili ne školu, već instituciju i sticali ne samo priče već i iskustva. U svaki kutak prethodne školske godine utkani su uspesi naših učenika, stručnost naših nastavnika i velika podrška roditelja kako bismo zajedničkim snagama i motivacijom obezbedili najbolje školovanje – za najsvetliju budućnost naših učenika.

Pažljivo smo osluškivali svet oko nas koji nas opominje da ga čuvamo i štitimo – zato je Eko-odbor International Schoola, kao jedini eko-odbor koji vode isključivo učenici, dobio zadivljujuće pohvale od Međunarodne fondacije za obrazovanje u oblasti životne sredine za podizanje ekološke svesti, aktivizam u oblasti životne sredine, ali i nastojanje da ulepšamo životnu sredinu za generacije koje dolaze.

Čak i uprkos vanrednim situacijama i prelasku na onlajn-školovanje, zahvaljujući posvećenim nastavnicima, tehničkim kapacitetima i najsavremenijim resursima, uz posebnu podršku roditelja i saradnika, uspeali smo da održimo standarde kvaliteta, obogatimo nastavni program kreativnim pristupom, upoznamo učenike sa svim mogućnostima za dalje školovanje na univerzitetima i ugostimo naše bivše učenike, koji su nesebično podelili svoja iskustva sa prestižnih univerziteta. Pridružili su nam se i renomirani naučnici, koji su posebno upriličili ovogodišnji festival nauke „Science Fair“ i pokazali učenicima da je biti naučnik bes krajno zabavno!

Ovu školsku godinu završavamo sa programom prakse LINK Internship, u okviru kog će učenici moći da se upoznaju sa radom u ozbiljnom i perspektivnom korporativnom okruženju i pritom dobiju potvrde o završenoj praksi, koje će krasiti njihove biografije i motivaciona pisma u prijavama za fakultete.

Pred vama je dvanaesti bilten International Schoola, kao podsetnik na svaki radostan dan i vredna iskustva koje ćemo poneti sa sobom u pohodu na nove uspehe. Želim vam da na najbolji način iskoristite letnji raspust i napunite baterije za sledeću školsku godinu.

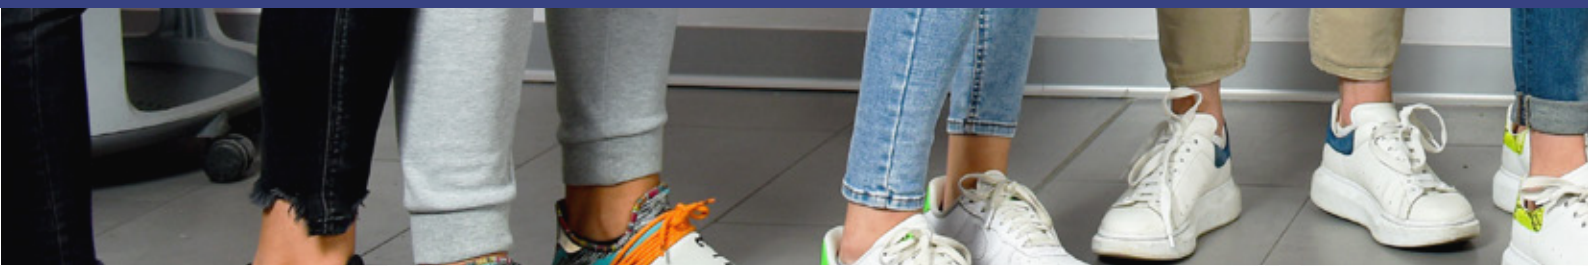

Kao i uvek, na raspolaganju sam vam za sva pitanja i dostupna za sve vaše sugestije koje nam mogu pomoći da zajedno unapredimo obrazovanje u International Schoolu.

Zorana Živanović,
Direktorka škole
